

# Fleet Driver Trainer (In-Vehicle)

## Course Description

This comprehensive course has been designed for the professional in-vehicle trainer. Our FDT In-Vehicle Supervising Instructors have been chosen for their extensive experience in teaching drivers choosing to upgrade to a commercial class licence. In-depth discussions and workshops in the classroom environment result in shared experiences and innovative ideas. Combined with practical demonstrations and application of new techniques in the vehicle environment the OSL driver trainer candidate will gain confidence and competence in the training task.

## Course Content and learning outcomes;
